The situation in Asia and the world urges us to find a way for the nations to work together to solve the imminent problems we are facing, as well as to give the masses hope for a united world.

We are therefore planning to hold a World Assembly for Moral Re-Armament at the newly built Assembly Centre at Odawara, Japan, from April 21st to May 5th, 1963. We call it the Cherry Blossom Assembly as the Odawara—Hakone—Mount Fuji area is well-known for its cherry trees.

Your personal attendance will be greatly appreciated.
